

Greetings Everyone...

Below is a link to the details for our upcoming Compact Day Commemoration Meeting and Luncheon on 28 October 2023.

[Compact Day Commemoration Meeting and Luncheon Flyer](#)

Based on previous years' experience we offer the following...

Depending upon what type of device you are using, here are a couple tips that may help:

1. If you are using a Windows PC, you can use the Control Key with clicking on a link so the link opens in a new tab or window and you don't lose what's in the tab/window you are currently viewing. For instance, when you click any of the links in the flyer, using CTRL-Click will open the link to the Library address map OR the link to the Pilgrim Payment Portal in a NEW tab or window. At least it's supposed to. Your own browser settings may override.
2. If you are using a smartphone to view this message, when you get to the Portal and click on SEE DETAILS button on

the event listing, the "details" (and the form to fill out) will open up in a new window, which may be behind the active window you are using. You'll have to view all your open windows to select the correct one.

And hey! You can even pay your 2023 and/or your 2024 dues while you're there! You'll fill out every event reservation and every dues payment separately (they all have their own forms to fill out per person) and then go to your cart to pay for everything at once.
